SERVICE INFORMATION LETTER

TO: OWNERS/OPERATORS OF PACIFIC SCIENTIFIC
COMPANY MANUFACTURE'S PART NUMBER
30301102

SUBJECT: INFORMATION REGARDING THE
INTERCHANGEABILITY OF PRESSURE GAUGES

PURPOSE: THIS SERVICE INFORMATION LETTER (SIL)
APPROVES OF USE OF TWO PACIFIC SCIENTIFIC
GAUGES ON UNIT 30301102.

1. INTRODUCTION
Responding to customer request and reviewing technical data Pacific Scientific has determined that both Pacific Scientific part number gauges 2725-704 and 2725-709 are acceptable for use on in-service Pacific Scientific unit 30301102.
2. SCOPE
This SIL involves Pacific Scientific unit part number 30301102 only.
3. REFERENCE
Pacific Scientific manufacturing drawings and specifications.
4. COMPLIANCE
None required. This document is for information only. Information maybe incorporated in Pacific Scientific Supplement 30301102. The ability to use both gauges is reserved for units already in service.
5. SAFETY
Follow general postings in CMM 26-20-202 and Supplement 30301102.
6. DESCRIPTION AND OPERATION
Physically the units are identical. Visually 2725-704 has a 0-1000 psi range face while the 2725-709 has a 0-1500 range face. Both units are built and operate identically.
7. TESTING AND FAULT ISOLATION
Test per applicable documents for 30301102.
